*To ensure access to high-quality,
patient-centered, cost-effective
health care to Los Angeles County
residents through direct services at
DHS facilities and through
collaboration with community and
university partners.*

This is to advise the Board of the Department of Health Services' (DHS or Department) intent to exercise its delegated authority, approved on July 28, 2015, to accept and execute grants and awards from federal, State, and other public and private agencies in amounts not to exceed \$500,000 (attachment). Under this authority, DHS plans to accept a One Legacy Foundation Grant Award in the amount of \$10,000, to assist with creating a therapeutic environment for patients in the Trauma Unit Waiting/Bereavement Room at Harbor-UCLA Medical Center (H-UCLA MC).

One Legacy and DHS have held a common interest in and commitment to organ donations since 1999. One Legacy has an open-ended, or "evergreen" term County Agreement, for the provision of organ transplant procurement services at H-UCLA MC's Renal Transplant Center. In addition, through a second agreement, One Legacy also provides County the services of harvesting and distributing County hospitals' patient-donated organs on behalf of the County and in accordance with federal and state laws that govern the relationships among hospitals, organ and tissue procurement organizations, and patients.

DHS recently received notice of a grant award from One Legacy Foundation to assist with the purchase of items such as furniture, paint, and lighting to improve the room design and esthetics of the Trauma Unit Waiting/Bereavement Room at H-UCLA MC. Therefore, creating an enhanced environment for bereaving families by providing the appropriate level of privacy, support and comfort needed during a difficult decision making process such as the organ donation of their loved ones.

The One Legacy Foundation Grant Award does not include any provisions or requirements for the County of Los Angeles.

Each Supervisor
February 22, 2016
Page 2

County Counsel reviewed and approved the Grant Award.

Consistent with the delegation of authority for grant acceptance, if no objection is received from the Board within two weeks of receipt of this notice, DHS will accept the One Legacy Foundation Grant Award.

If you have any questions or require additional information, please let me know.

Respectfully submitted,

Mitchell H. Katz, MD
Director

July 28, 2015

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

ADOPTED

BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

14 July 28, 2015

Patrick O'Connell
PATRICK O'CONNOR
ACTING EXECUTIVE OFFICER

DELEGATE AUTHORITY TO THE DEPARTMENTS OF PUBLIC HEALTH, HEALTH SERVICES, AND MENTAL HEALTH TO ACCEPT GRANTS AND AWARDS IN AMOUNTS NOT TO EXCEED \$500,000 PER BUDGET PERIOD OR ANNUAL TERM (ALL SUPERVISORIAL DISTRICTS) (3 VOTES)

SUBJECT

Delegate authority to the Departments of Public Health, Health Services, and Mental Health to accept grants and awards in amounts not to exceed \$500,000 per grant award per budget period or annual term.

IT IS RECOMMENDED THAT YOUR BOARD:

1. Delegate authority to the Interim Director of the Department of Public Health (DPH) and the Directors of the Departments of Health Services (DHS) and Mental Health (DMH), or their designees, to accept and execute grants and awards from federal, State, and other public and private agencies in amounts not to exceed \$500,000 per grant award per budget period or annual term, that are in furtherance of the subject department's mission, subject to: provision of an Anticipated Grant Award memo to your Board a minimum of two weeks prior to notification to your Board that the grant is being accepted; review and approval as to form by County Counsel; review by Chief Executive Office (CEO) Risk Management as needed; and notification to your Board and the CEO to include significant contractual provisions required by the grantor that depart from standard Board-approved language, including insurance and indemnification, with two weeks advance Board notification in those instances where an Anticipated Grant Award memo is not feasible or the for grants and awards that require matching eCounty funds; and an annual report from the three departments to your Board, the CEO, and County Counsel of all accepted grants and awards, including the purpose and term of each and the total amount awarded.

2. Delegate authority to the Interim Director of DPH and the Directors of DHS and DMH, or their designees, to accept and execute future awards and/or amendments that are consistent with the requirements of the awards and/or grants referenced in Recommendation 1 to: 1) extend the grant term through the end of the project period; 2) reflect revisions required by the grantor or non-material and/or ministerial revisions requested by either party to the award's terms and conditions; 3) allow for the rollover of unspent funds and/or redirection of funds; 4) adjust the term of the award by six (6) months after its original termination date; and/or 5) provide an increase or decrease in funding up to 25 percent above or below each grant term's base amount, subject to review and approval as to form by County Counsel, and notification to your Board and the CEO.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Approval of Recommendation 1 will allow the Departments to accept and execute grants and awards from federal, State, and other public and private agencies in amounts not to exceed \$500,000 per grant per budget period or annual term, expeditiously allowing faster processing of administrative activities. While the Departments will continue to seek Board approval of any grant-funded contracts and/or personnel items, the recommended process improvement will streamline operations; ensure more rapid implementation of the grants and awards, and therefore greater maximization of grant revenue; and reduce the amount of time required to implement health services for the residents of Los Angeles County.

DPH

In support of DPH's mission to protect health, prevent disease, and promote health and well-being, DPH receives grants and awards to perform programmatic, operational, and administrative activities related to public health. On April 19, 2011, your Board delegated authority to the Director of DPH to accept and execute grants and awards from federal, State, and other public and private agencies in amounts not to exceed \$100,000 per term. Under this authority, DPH reported to your Board that it had accepted eight (8) grants and awards during fiscal year (FY) 2011-12, four (4) during FY 2012-13, and six (6) during FY 2013-14; and will report acceptance of ten ~~(110)~~ during FY 2014-15. This delegation allowed DPH to implement activities supported by these grants rapidly and efficiently. DPH estimates that raising the threshold from \$100,000 to \$500,000 per budget period or annual term will permit rapid processing of approximately 20 additional grants or awards administered by DPH at any given point in time. See Exhibit I for a list of recent grants or awards with budget period or annual term funding between \$100,001 and \$500,000.

DHS

DHS' mission is to ensure access to high-quality, patient-centered, cost-effective health care to Los Angeles County residents through direct services at DHS facilities and through collaboration with community and university partners. To accomplish this mission, DHS has pursued and received grant awards from a variety of public and private funding sources to develop and implement necessary programs that improve patient care, including but not limited to: 1) nurse education and training; 2) transformation of the delivery of specialty care; and 3) the Embedding Lean Initiative (process improvement) in Public Hospitals. Exhibit II provides a listing of all grants received by DHS, with a value of \$500,000 or less, approved by the Board during the period FY 2011-12 through May 15, 2015.

On June 4, 2014, the Board approved acceptance of a large grant from the UniHealth Foundation and delegated authority to the Director of DHS, or his designee, to accept future grant awards in a funding amount not to exceed \$300,000 from UniHealth Foundation. As DHS seeks to increase revenue from grants and other funding sources, the proposed delegation of authority will allow DHS to more rapidly process the grant awards and consequently put those funds into action in a timelier manner.

DMH

DMH accepts grants from federal, State, public and private entities in support of services that help individuals and families who are functionally disabled by severe and persistent mental health disorders. As grant funding is available, DMH collaborates between its stakeholders and community partners to develop meaningful programs to meet the mental health needs of the community. Exhibit III reflects recent grants or awards with a value of \$500,000 or less received by DMH and approved by the Board.

Approval of Recommendation 2 will allow the Departments to accept future awards and/or amendments that are consistent with the requirements of the original award to extend and/or adjust the term of the award; reflect revisions required by the grantor or non-material revisions to terms and conditions requested by either party; rollover unspent funds and/or redirect funds; and/or provide an increase or decrease in funding up to 25 percent above or below each grant term's base amount. This recommended action enables the Departments to accept awards and/or amendments that adjust the project period up to six months beyond the original term, in those instances where there has been an unanticipated extension of the term to allow additional time to complete services and utilize grant funding. This authority is being requested to enhance efforts to expeditiously maximize grant revenue, consistent with Board Policy 4.070: Full Utilization of Grant Funds.

Annually, the Departments will provide to your Board, the CEO, and County Counsel a report of all grants and awards accepted using this delegation, including the purpose and term of each and the total amount awarded in total and per grant term.

Implementation of Strategic Plan Goals

The recommended actions support Goal 1, Operational Effectiveness/Fiscal Sustainability, and Goal 3, Integrated Services Delivery, of the County's Strategic Plan.

FISCAL IMPACT/FINANCING

The recommended actions will allow the Departments to accept grant funds more expeditiously. Two weeks advance notification will be provided to your Board for grants and awards that require matching county funds. The Departments will seek separate Board approval if an Appropriation Adjustment is required.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

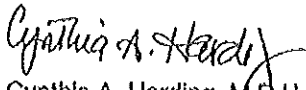

The recommended actions support the County's efforts to identify and implement process improvements that enhance the quality and efficiency of County operations, more productively allocate workload, and accelerate the process of administrative actions.

The Honorable Board of Supervisors
July 28, 2015
Page 4

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Approval of the recommended actions will allow the Departments to simplify and expedite the acceptance of grants and awards, reducing the amount of programmatic and administrative time required to implement health services for the residents of Los Angeles County.

Respectfully submitted,

Cynthia A. Harding, M.P.H.
Interim Director of Public Health

Mitchell H. Katz, M.D.
Director of Health Services

Marvin J. Southard, D.S.W.
Director of Mental Health
